PROFESSIONAL SUMMARY

Cloud & DevOps Engineer with **6+ years of experience designing scalable cloud solutions in AWS environments and automating infrastructure using DevOps practices.**

Specialized in **serverless architectures, Infrastructure as Code (AWS SAM / CloudFormation), CI/CD automation, and backend API development using Node.js.**

Experience improving engineering workflows, optimizing deployment efficiency, and supporting development teams through automation and modern cloud architecture practices.

PROFESSIONAL IMPACT

- AWS Certified Developer with experience in **serverless architectures and cloud automation**
- Implementation of **CI/CD pipelines and Infrastructure as Code** to automate deployments
- Development of scalable **backend APIs using Node.js and AWS Lambda**
- Experience in **cloud architecture, system reliability, and DevOps automation**
- Mentoring developers in **DevOps practices**

TECHNICAL SKILLS

Cloud & Infrastructure

- AWS (Lambda, API Gateway, RDS, EC2, IAM, VPC, CloudWatch, EventBridge, Step Functions, WAF)

Infrastructure as Code

- AWS SAM
- CloudFormation

DevOps

- CI/CD Pipelines
- Infrastructure automation
- Deployment and continuous delivery workflows

Backend

- Node.js
- REST APIs
- Microservices architecture
- PostgreSQL

Frontend

- React
- Next.js
- JavaScript
- TypeScript
- TailwindCSS

Tools

- Git
- Agile / Scrum
- Technical mentoring
- UI collaboration (Figma)

PROFESSIONAL EXPERIENCE

Cloud & DevOps Consultant

Freelance — Panama

Nov 2023 – Present

- Designed **serverless architectures in AWS for web applications**, improving scalability and automating deployments through CI/CD
- Developed backend APIs using **Node.js and AWS Lambda**
- Implemented **CI/CD pipelines using AWS SAM and CloudFormation**
- Defined technical standards to improve **code quality and development workflows**
- Mentored developers in **DevOps practices**

DevOps Engineer (AWS)

IVCISA — Panama

May 2022 – Oct 2023

- Implemented **AWS cloud solutions for enterprise clients**, supporting infrastructure migration and modernization initiatives
- Designed scalable infrastructures using **AWS Lambda, API Gateway and RDS**
- Developed backend services using **Node.js in serverless environments**
- Automated deployments using **Infrastructure as Code**

Web / Frontend Developer

Merkadoo / XPLOR Digital Experience — Panama

Feb 2021 – May 2022

Both companies belonged to the same ownership group. Development operations were transitioned from Merkadoo to XPLOR Digital Experience during a company restructuring, maintaining project continuity.

- Developed **Magento e-commerce interfaces**
- Implemented frontend applications using **React, HTML, CSS and JavaScript**
- Collaborated with design teams using **Figma**

Systems Administrator

Fuzion Salon

Mar 2019 – Feb 2021

- Managed IT infrastructure and company networks
- Implemented and maintained ERP systems
- Designed network infrastructure for new business locations
- Developed and maintained the corporate website

CERTIFICATIONS

AWS Certified Developer – Associate

AWS Partner Accreditation – Technical

AWS Partner Accreditation – Business

AWS Cloud Economics Accreditation

AWS Glue Immersion Day

EDUCATION

Universidad Tecnológica de Panamá

Bachelor's Degree in Software Engineering

Instituto Colombo Americano Andrés Bello

Systems Analysis and Programming

LANGUAGES

Spanish — Native

English — Technical reading / basic communication
